

## List of Tables

<b>S. No.</b>	<b>Particulars</b>	<b>Page No.</b>
1.1	Global Energy Consumption	5
1.2	Indian Energy Consumption	7
1.3	Total proved reserves of natural gas in India	11
1.4	Production and consumption of natural gas in India	13
1.5	Pollution load comparison CNG vs Diesel	17
1.6	CNG infrastructure and vehicles Europe	23
1.7	CGD coverage in India	27
1.8	PNG connections snapshot in India	29
1.9	CNG infrastructure and vehicles snapshot in India	32
1.10	Geographical Areas Authorized by PNGRB	34
2.1	Comparison of different types of underground storages	63
2.2	Cubic Doughnut Tank System dimensions	69
3.1	Working gas capacities of different types of storages	80
3.2	Location & capacity of different types of storages	81
3.3	Storage facilities and working capacity in Europe	83
3.4	ISRPL Storage projects projections	90
3.5	Literature review Summary	109
3.6	Key themes literature review	121
4.1	Identified Variables list	136
4.2	Respondents summary	141
4.3	Respondent companies details	141
5.1	Interpretation of different scores in Cronbach's Alpha test	148
5.2	Result obtained in the analysis of pilot testing	148
5.3	Sampling adequacy test	149
5.4	Total Variance Explained from SPSS Software Analysis	150
5.5	Rotated Component Matrix from SPSS Software Analysis	152
5.6	Variable Categorization	153
5.7	Factors affecting the establishment of gas storage in CGD	154
5.8	Response Analysis for qualitative questions	168
