

ACKNOWLEDGMENTS

I, first and foremost, would like to express my deepest gratitude to Dr. Satya Sheel and Dr. Piyush Kuchhal, my supervisor, for encouraging me to take this research problem on Statistical Method Based Membership Function Optimization for Fuzzy Logic Controller. It is an honor to work under their supervision. My supervisors have always been a constant source of inspiration throughout this research work. Without them, this work would never have been completed. A special thanks to Director, School of Engineering Dr. Kamal Bansal for supporting me throughout my journey.

I am thankful to Chancellor Dr. S. J. Chopra, Vice Chancellor Dr. Deependra Kumar Jha, CEO Prof. Utpal Gosh, Associate Dean Research Dr. Jitendra Kumar Pandey and Associate Dean Dr. Suresh Kumar for motivating me with space and environment in the serene campus of University of Petroleum & Energy Studies, Dehradun, in India to carry out this work.

I am extremely grateful to my doctoral committee members Dr. Piyush Kuchhal, Dr. Sushabhan Choudhury, Dr. R Gowri, Dr. Adesh Kumar, and Dr. Rupendra Pachauri for their encouragement and insightful comments during various discussions.

I should mention my gratitude to HoD, Electronics, Instrumentation & Control Engineering department Dr. Sushabhan Choudhury who has always motivated me throughout the journey.

I would like to thank Dr. Devender Saini, Dr. Abhinav Sharma, Mr. Deepak Kumar for helping me at various stages of my research work. I would like to give special thanks to Dr. Ranjan Mishra, Electronics Instrumentation & Control Department for his patience and trust in me. Also, I am thankful to each and every faculty colleague of Electronics, Instrumentation & Control Engineering department for their support and cooperation.

I would like to thanks Ms. Rakhi Ruhai, Mr. Sony Sandeep farmer and other CCE staff members for their help on countless occasions.

Finally, I must express my very profound gratitude to my father late Shri Ajit Kumar Jain. This achievement is for you, as what I am today is your vision and you have always made me believe in me even during my darkest days. I am grateful to my mother Mrs. Meena Jain who supported me throughout my life and always boosts up my morale. The sacrifices made by my wife Anjali Jain are enormous, she is the reason I am able to complete my research work. I apologize to my son Kabir for ignoring him on countless occasions during the research work. His understanding of my dedication to work has always encouraged me.

Thank you.

Arpit Jain
