

## ACKNOWLEDGEMENT

I would like to express my sincere gratitude to those who have contributed to the work described in this thesis. I express my sincere gratitude and deeply indebted to my PhD supervisor, Dr. R. P. Badoni, Distinguished Professor, Department of Chemical Engineering, University of Petroleum and Energy Studies (UPES), Dehradun, for his invaluable guidance, support, motivation, and encouragement. His stimulating suggestions, enthusiastic approach and positive view towards research helped me all time in my research and completing this thesis. He has been a great mentor and a person who has not just contributed to my scientific development but also enlightened my moral values. I am thankful Dr. Pushpanjali Singh, Ms Himani Gusain and Mr. Farmer, Assistant Registrar, UPES had constantly shared work-related information and helped me a lot in completing all PhD related formalities successfully at UPES.

I am extremely thankful to my co-supervisor Dr. N. S. Raman, General Manager, R&D Centre, Indian Oil Corporation Limited, Faridabad for his stimulating suggestions, encouragement, enthusiastic approach, positive view towards research and monitoring the progress of my work. I learned from him that nothing is impossible and even the largest task can be accomplished if done one step at a time. He has been a great mentor and a person who has not just contributed to my scientific development but also enlightened my moral values. I am grateful to Dr. S. S. V. Ramakumar, Director IOCL, R&D for providing me the infrastructure to work in Indian Oil R&D.

I am profoundly grateful to Dr. Veena Yadav, Assistant Manager Research, Indian Oil R&D Centre, Faridabad for her immense assistance and valuable suggestions and guidance during my research work. Her stimulating suggestions, enthusiastic approach and positive view towards research helped me all time in my research and completing this thesis.

I would like to thank Dr. I Devotta, Mr. Dhanesh Kumar, Mr. David K, Mr. R S Negi, Dr. Amol D of Bitumen department, Indian Oil R&D for their regular assistance during my research work. I would also like to thank Dr. M. C. Jain, Mr. K.C Sharma of Bitumen department, Indian Oil R&D for their help and guidance during my PhD work. I also take this opportunity to sincerely acknowledge the Indian Oil R&D Centre, Faridabad, for providing financial assistance and all required infrastructure to carry out my research work efficiently.

I am also thankful to my seniors Dr. Anil Patel, Dr. Reeta Singhanian, Dr. Ruchi Gaur, Dr. Manali Kapoor, Dr. Surbhi Semewal and lab mates Dr. Dilip Singh, Ms. Shveta Soam, Ms. Nisha Singh, Ms. Pooja Dixit, Mr. Vishwapratap Singh, for providing a scientific and cooperative environment at work.

I would like to give special thanks to Mr. Tirath Raj for his help and support for preparing the thesis work. I am extremely thankful to my special friends Dr. Yashabanta Singhbabau, Dr. Rabindra Padhan, Mr. Bipllab Bindhani, Mr. Sumedha Nanda Sahu, Mr. R Ranjan Sahoo, Mr. Saurabh Arora.

This acknowledgment is incomplete without the mention of my family, my biggest support system. Their encouragement, support, faith and extreme care helped me to cherish this dream. My Father Mr. Guhina Mohanta and mother Mrs. Padmabati Mohanta, thank you for staying with me and always pushing me ahead. My special thanks to my brother Tarani and sister Manorama, Hemalata and niece Anushka and nephew Ashish, Somesh their unconditional love. Lastly, I would thank God for giving me the strength and wisdom to complete this task and sending all the above-mentioned people in my life as his angels. I would like to apologize to those whose names do not figure here but have helped me during the tenure of my research.

**Chandra Sekhar Mohanta**
