

List of Tables

| | | |
|------------------|--|----|
| Table 2.1 | Lithostratigraphic succession of study area near the Wah Shikar and Mawmluh caves, Shillong Plateau, NE Himalaya (after Yin et al., 2010)..... | 21 |
| Table 2.2 | Tectono-Stratigraphy of the Tso Moriri Crystalline zone in eastern Ladakh, NW Himalaya (after Thakur and Misra, 1984)..... | 26 |
| Table 3.1 | ²³⁰ Th dating results for stalagmite WSS-3, from the Wah Shikar cave, NE Himalaya. The ages are reported with two sigma (2σ) uncertainty. BP stands for ‘Before Present’ where Present corresponds to year 1950..... | 33 |
| Table 3.2 | ²³⁰ Th dating results for stalagmite MWS-1, from the Mawmluh cave, NE Himalaya. The ages are reported with two sigma (2σ) uncertainty..... | 35 |
| Table 3.3 | ¹³⁷ Cs and ²¹⁰ Pb measurements of core TMC-1 from the Tso Moriri Lake, Ladakh, NW Himalaya..... | 37 |
| Table 3.4 | AMS ¹⁴ C ages, corrected and calibrated weighted mean age measurements of core TMC-1 from the Tso Moriri Lake, Ladakh, NW Himalaya using Bulk organic matter (BOM) and Plant material. The calibrated ages are reported in years BP with respect to AD 1950 with 2σ uncertainty in ages using CALIB 7.0.4 software. ‘*’ indicates samples analyzed at Beta Radiocarbon Inc..... | 38 |
| Table 4.1 | List of major drought periods in Indian History..... | 60 |
| Table 4.2 | List of major dynasties in India which declined after AD | |

1000.....61
